**Stalin Said  
China's Mao

WASHINGTON (AP) — Hitherto secret U.S. documents, made public by the State Department, show Russia's Marshal Stalin viewed Communist China's Mao Tse-tung as a boaster.

The papers, released Sunday, also contain Gen. George C. Marshall's belief that he "found in my personal dealings with Stalin that he inspired me with confidence in contrast to his foreign office."

"However, I felt this way in my contacts with the British foreign office. I dealt all right with the prime minister (Sir

25,000 men, the same number pulled back after Nixon's Midway Island meeting with South Vietnamese President Nguyen Van Thieu.

"Further he noted that Nixon conferred in South Vietnam with Gen. Creighton Abrams, the U.S. commander there, and with American diplomats.

"He spoke no doubt, on the basis of the information that he got from our military leaders," Dirksen said.

He said there was also a general discussion of the Vietnam peace talks in Paris, and an indication that information "from private sources might be brought to bear." Dirksen said no specific information was disclosed.

"There was no indication as to the source of that effort or who it might involve," Dirksen said.

Sen. Mike Mansfield of Montana, the Senate Democratic leader, said Nixon emphasized at the congressional briefing that his call for increased self-reliance in Asian defense represents an important shift in American policy.

"He emphasized that there was a new shift," Mansfield said.

**Pacifist Says  
Hanoi Has  
Released Some**

TOKYO (AP) — North Vietnam has released several captive American pilots, an American pacifist reported from Hanoi today.

Rennie Davis, the pacifist, did not say how many pilots were freed or what their names and condition were. But Hanoi announced on July 3 that three airmen would be freed to mark U.S. Independence Day.

Davis, who with three other American pacifists will escort the pilots home, cabled The Associated Press here that the prisoners had been released to his group.

He said the pilots and his colleagues would fly Tuesday from Hanoi to Vientiane, the capital of Laos, in a plane of the International Control Commission. They plan to go on to Bangkok Wednesday and then to New York on Thursday.

Davis also cabled that his group had met four other Americans who are not being released — and all appeared in "excellent" condition. They were Lt. Col. Robinson Risner of Oklahoma City, Maj. Roger Ingvalson of Sanford, Maine, Capt. Anthony Charles Andrews of Chico, Calif., and Lt. (j.g.) Edwin F. Miller of Franklin Lakes, N.J.

Davis, a member of the National Mobilization Committee to end the War in Vietnam, and the other three pacifists arrived in Hanoi July 18 to escort the prisoners home.

Winston Churchill. Our own State Department might be considered in a similar manner — they use mysterious language."

Stalin gave his view of Mao to then-Secretary of State James F. Byrnes following a conversation in the Kremlin in December 1945.

Marshall's remarks were in a recorded conversation with Nationalist China's President Chiang Kai-shek.

The material was released 24 years after its active date. It concerned confidential communications by American diplomats and leaders with China and the Far East in the final year of the war in the Pacific.

wells to increase the City's water supply funds available through the Economic Development Administration are for aid to industrial development only, and the project must be justified on the basis of aid to existing industry and improvement to future industrial locations. About 70 percent of the total project is for water improvements, which includes a 12" supply line into the City. Also water lines into the North Industrial Area where Homestead Industries are now constructing a Mobile Home factory. The City's application has been filed last year but no funds were available during the year and the city officials are trying to get the project funded as soon as the 1969-70 appropriations are approved by Congress. The mobile home factory and a large expansion program of Meyers Bakery each required a large water supply and they are proceeding on the strength of assurance this project would be completed. Both of these industries have their developments underway and the City needs to get the water improvements started at the earliest possible date. The recent water shortage has added to the urgency.

Congressman Hammerschmidt arranged a meeting with the Washington office of Economic Development Administration, which was also attended by representatives from the offices of Congressmen John McClelland and Wilbur Mills. Officials of the E.D.A. plan and immediate review of this project and Congressman Hammerschmidt promised to give it his personal attention.

Members of the group from Hope included Mayor Frank Douglas, Director Clyde Fouse, City Manager Garland Medders and City Attorney James Pilkinton. All of them have expressed their appreciation for the personal attention by Congressman Hammerschmidt, and were impressed by his detailed knowledge of the needs of this area. He explained that Hope has been

## Television and Radio

By CYNTHIA LOWRY  
AP Television-Radio Writer  
HOLLYWOOD (AP) — Each new television season arrives in September and soon earns a tag. Last year was to be the season of meaningful drama and of specials. Now, less than six weeks away from curtain-raising time, 1969-70 looms as the bland season.

The reason is not hard to fathom.

Broadcasting is under attack from various quarters and nobody wants to make waves.

There are — and will — be Congressional inquiries into network practices. There are Federal Communications Commission proceedings about renewals of individual station licenses. There is criticism about sex and violence.

And there is vast concern about the proposed withdrawal of cigarette advertising next year, which would remove \$125 million or more—6 to 10 percent of the industry's total.

It is a trying time when television, particularly the three major networks, is proceeding cautiously. The memory of the Smothers Brothers controversy is still green and so is the reaction of one network's affiliated stations to a variety program, "Turn-On," cancelled after one performance.

All this has had its effect on the quality and type of programs, but none on quantity. With Hollywood turning out all but five of the networks' 72 evening entertainment series, plus most of the coming spate of movies-for-TV, variety and drama specials, the studios are working in high gear.

The trend toward cautious programming is evident in the categories of the 21 new series. Situation comedy, treated like a stepchild a few seasons back, is in high favor. Almost half the new shows will be half-hour programs played strictly for laughs. Five new variety and music shows will join the 11 returning for another season.

The seven new dramatic series are a mixed bag but significantly include two medical shows and one series involving doctors every third week. The veteran viewer will recall another season when, television being under attack for sex and violence, both "Dr. Kildare" and "Ben Casey" were born, bringing with them built-in drama of life and death, without fights and shoot-outs.

There are no new westerns—although six of the genre are returning—and no new war stories or private eyes.

Production costs are a bit higher this year; new faces abound; some old shows will be turning up at new times, even on different networks. Writers are attempting as usual, to add some new twists to freshen established shows; actors are worrying as usual about the competition facing their series; producers and press agents are explaining, as usual, that their shows are new and different.

During the next four weeks, this column will preview the new season and the new product.

## Wedding Vows Are Repeated

MRS. JAMES EDWARD HARDEE

Miss Joan Marie Wilt of Corpus Christi and formerly of Mercedes, and James Edward "Jim" Hardee of Hope, Arkansas, were joined in marriage in a ceremony at 10 a.m. August 2 in First United Methodist Church of Mercedes, Texas.

The bride is the daughter of Mr. and Mrs. Herbert F. Wilt of Mercedes. Mr. and Mrs. J.J. Hardee of Hope are parents of the bridegroom.

The double-ring ceremony was performed by the Rev. William Lang, rector of Church of the Ascension Episcopal in Refugio and formerly of Mercedes. Mrs. Buddy Ross of Mercedes played traditional wedding music at the organ.

The ceremony was performed before an altar holding a large arrangement of white summer flowers, including gladiolas, snowdrift pompoms and baby's breath. The arrangements were flanked by two large white candles held in silver candlesticks. The bride, given in marriage by her father, wore a street-length A-line dress of white crepe, featuring elbow-length bell sleeves of re-embroidered lace encrusted in seed pearls. The dress fashioned by the bride and her mother, featured a scalloped neck, sleeves and

hermine. Her two-tiered veil of illusion was held with a cluster of white petals centered with seed pearls.

The bride's bouquet of white carnation edged in aqua and centered with a white cymbidium orchid was held on a white prayer book inscribed with the names the date of their marriage. The bride's only jewelry was a gold necklace holding a miniature wishbone and cultured pearl, a gift from the bridegroom. Mrs. Ralph Skinner of Corpus Christi attended the bride as matron of honor and Mrs. Chip Wilt of Weslaco, Texas sister-in-law of the bride, was bridesmaid.

Both attendants wore identical street-length sleeveless dresses of aqua crepe, featuring a scalloped neck and hemline. They wore headpieces of aqua satin ribbon embroidered with seed pearls. The bride's attendants carried large picture hats of straw encircled with aqua ribbon and aqua daisies.

Ray Vegish of Peoria, Ill., attended his brother-in-law as best man, Ralph Skinner of Corpus Christi was groomsmen and the bride's brothers, Chip Wilt of Weslaco and Jim Wilt of Mercedes, were ushers.

For her daughter's wedding, Mrs. Wilt chose a light pink knit suit, with matching accessories of white and pink. She wore a corsage of pink carnations and sweetheart roses.

Mrs. Hardee wore a A-line dress and hat of cornflower blue, with tone accessories. She, too, wore a corsage of pink carnations and sweetheart roses.

The bride, a 1965 graduate of Mercedes High School, attended Pan American College and has been employed four years as a reporter with the Corpus Christi Caller-Times. The bridegroom is a 1961 graduate of Hope High School and attended Ouachita University in Arkadelphia, Ark., and Southern State College in Magnolia, Ark. He served with the U.S. Navy in Corpus Christi before returning to Hope, where he is self-employed.

Charles Dickens used the pseudonym of "Boz" in his writings.

## Pat Says Smiles Show Less Tension

By FRANCES LEWINE  
Associated Press Writer

WASHINGTON (AP) — Pat Nixon came home from her round-the-world trip saying that the "happy, smiling faces of the people that welcomed us everywhere" are evidence of a "lessening of tensions."

"I didn't see an ugly face on the whole trip," Mrs. Nixon said in an interview while flying home Sunday night.

And because she didn't see any demonstrations or signs of criticism, Mrs. Nixon said she feels: "America's prestige is at an all-time high."

In winding up her first foreign trip with her husband since he became President, Mrs. Nixon said the reception in Romania was one of the big moments they have experienced during eight years of traveling around the globe.

For two days "they came out time after time," she said of the enthusiastic crowds in Bucharest.

"I wouldn't stand for two days for anything," she said laughingly.

Mrs. Nixon said she felt the Romanians have always had an affection for the United States.

"They want to be proud and had a chance to be proud because an American president was in their country," she said, adding that the U.S. moon landing "played a part in it."

The First Lady also was impressed by the soldiers and security men which lined the routes in Bucharest.

"Once they get you in, they take care of you," Mrs. Nixon said of the Communist government.

Time and again on her travels, Mrs. Nixon was caught in a crush of eager welcomers, pushed and jostled.

"I never mind that," she said. Mrs. Nixon recalled that the wife of India's acting President

While the President was conferring with heads of governments, Mrs. Nixon made visits to hospitals and social welfare institutions and addressed women volunteers.

## McNally Just Couldn't Hurl His Way Out

By MIKE RECHT

Associated Press Sports Writer Dave McNally, pulled out of numerous corners by his teammates during his 17-game winning streak, backed himself into one too many this time, and couldn't get out.

"I had myself in a jam where I had to get the pitch over," said the Baltimore right-hander. "It wasn't a case of wanting to get it over, I had to get it over."

McNally threw his fastball on the 3-2 pitch, got it over and pinch-hitter Rich Reese belted his first grand slam home run with two out in the seventh inning Sunday, giving Minnesota a 5-2 victory over the Orioles and McNally.

"I've pitched a lot worse games and won during the stretch," McNally said, managing a weak smile. "I've left six or seven games when I was behind and the club got me out of it. I shouldn't have gotten myself behind Reese."

The loss was McNally's first after 15 victories this season and 17 in a row over two years.

Both streaks were one short of American League records for consecutive victories at the start of a season and over two seasons. The 15 also was one short of tying the mark for successive triumphs in one season.

Reese's belt was the most significant of three grand slams hit in the American League Sunday, although Detroit and Oakland wouldn't agree.

Willie Horton's second slam of the season and third of his career broke a 2-2 deadlock in the ninth inning and gave the Tigers a 6-2 victory over Chicago, and Danny Cater's slam helped Oakland to a 10-7 decision over Boston in the opener of their twin-bill. The Red Sox gained a split with a 3-2 victory in the nightcap.

In other games, California nipped Washington 3-2 in 11 innings, the New York Yankees trimmed Seattle, 5-3, Kansas City tripped Cleveland 3-2.

In the National League, Cincinnati held off Philadelphia 19-17, the Chicago Cubs downed San Diego 4-3, Los Angeles halted St. Louis 5-0, the New York Mets edged Atlanta 6-5 in 11 innings, San Francisco beat Pittsburgh 3-2 and Houston defeated Montreal 7-3 before losing 1-0.

Baltimore had given McNally a run in the fourth inning when Merv Rettenmund, a replacement for Frank Robinson, who was ejected in the first with Manager Earl Weaver for arguing a strike call, scored on a double play.

McNally was breezing along with a two-hitter for 6 2-3 innings when Leo Cardenas beat out a hit and Frank Quilici singled. Rick Renick walked to load the bases and Reese batted for winner Jim Kaat, 11-7, and hit his 11th homer over the left field fence, an opposite field blast, for a 4-1 lead.

"I tried," said McNally, almost apologetically afterward. Horton's wallow came on the first pitch from Dan Osinski after a bunt single, and error by Bobby Knoop and a walk loaded the bases with one out.

Cater's clout and a two-run blast by Sal Bando had put Oakland ahead 6-5 before Mike Andrews put Boston in front again with a two-run single in the sixth. Ramon Webster then singled in two for the A's in the seventh.

Sparky Lyle retired Webster for the final out in the nightcap after Oakland had scored twice in the ninth on a ground out and Cater's single following hits by Ted Kubiak and Reggie Jackson, who walked seven times in

## Pitching Is the Name of the Game

By DICK COUCH

Associated Press Sports Writer "Hey G!" Chico Ruiz shouted above the din in the Cincinnati Reds' clubhouse. "You just proved that pitching is the name of the game!"

The roaring Reds had just seized the National League West Division lead for the first time this year by outmuscling Philadelphia 19-17 Sunday and second baseman Ruiz was congratulating winning pitcher Wayne Granger.

Or was he? Granger, for one, figured Chico must have had someone else in mind.

"We were saying in the bullpen that only God could get anybody out today," said the Cincinnati reliever, only hurler among 11 used by both sides in the 46-hit shindig who escaped unscathed...and unscoured upon.

The Wild West victory, coupled with Atlanta's 6-5 11-inning loss to the New York Mets and San Francisco's 3-2 nod over Pittsburgh, left Cincinnati in a virtual first place tie with the Giants and Braves...but on top by five percentage points.

Los Angeles, which trimmed St. Louis 5-0, is one game off the pace...and just one ahead of fifth place Houston. The Astros extended their winning string to eight games with a 7-3 conquest of Montreal before bowing 1-0 in the nightcap of a doubleheader. The Chicago Cubs nipped San Diego 4-3 in another single game.

In the American League, Minnesota topped Baltimore 5-2; Oakland divided a twin bill with Boston, winning 10-7 before a 3-2 loss; Detroit slammed the Chicago White Sox 6-2; the New York Yankees beat Seattle 5-3; California edged Washington 3-2 in 11 innings and Kansas City slipped past Cleveland 3-2.

At Philadelphia, the Reds had 20 of their 25 hits and a 16-9 lead after scoring 10 runs in the fifth inning as Lee May and Pete Rose crashed three-run homers. Alex Johnson's homer and a run-scoring double by Johnny Bench, who stroked five hits, made it 18-9 in the sixth. But the Phillies, triggered by Tony Taylor's grand slam homer, erupted for seven runs in the bottom half to close within field goal range.

Granger became the fifth Cincinnati pitcher after Richie Allen's leadoff homer in the seventh trimmed the margin to one point...oops, make that one run...and immediately was tagged for a pair of singles.

"I came in and, bang-bang, they had two hits and I figured 'I won't be any different,'" Granger said.

But the slender right-hander pitched out of that jam and, after Tony Perez homered in the eighth for the Reds' 19th run, stopped the Phillies the rest of the way...aided by Rose's spectacular, game-ending grab of Ron Stone's liner with the tying runs on the bases.

"The only way a game like this could end," sighed Reds Manager Dave Bristol. "When you score 17 runs and lose."

Phil skipper Bob Skinner brooded, "something's got to be wrong."

Jerry Grote drilled a leadoff homer in the bottom of the 11th, boosting the Reds to their third straight victory over the Braves, who slipped from first place in the West to third...one percentage point behind San Francisco.

Ailing Cleon Jones, the NL's leading hitter, lifted his average to .350 with two-run pinch single that capped New York's tying five-run rally in the sixth.

Dick Dietz and Ken Henderson both scored as Hal Lanier tapped into a bases-loaded force play at second in the fourth inning, breaking a 1-1 tie and sparking the Giants to victory at Pittsburgh. Henderson raced home from second with the deciding run as the Pirates failed to complete a double play and first baseman Al Oliver turned away from the plate to argue the call at first.

Gaylord Perry weathered Roberto Clemente's eighth inning homer for his fifth consecutive victory and a 14-7 season mark. Bill Sudakis drove in three runs with a single, double and sacrifice fly and Claude Osteen fired a four-hitter as the Dodgers snapped St. Louis' winning streak at six games.

Don Wilson scattered seven hits and struck out 13 while Norm Miller, Curt Blefary and Johnny Edwards homered in Houston's first game victory.

Former Astro Howie Reed tossed a four-hitter in the nightcap and the Expos broke a scoreless tie against Houston ace Larry Dierker in the ninth when Gary Sutherland beat

## U.S. Loan to Golf Course in Mississippi

By DICK BARNES

Associated Press Writer

WASHINGTON (AP) — An Agriculture Department agency, plowing past some of its own rules, is about to underwrite a \$265,000 loan to build a golf course in the Mississippi district of Rep. Jamie Whitten, chairman of the appropriations subcommittee that approves the department's budget.

The Farmers Home Administration already has approved the loan guarantee for the all-white Natchez Trace Golf Club, Inc., but formal closing is not expected for a month or more.

The loan will enable the country club to buy land it has been leasing for a 9-hole golf course, buy and build an additional nine holes and construct a clubhouse, swimming pool, tennis courts and other facilities.

The club is in Lee County, where, according to government figures, about 40 per cent of the families live below poverty income levels. Last fiscal year, The Agriculture Department spent \$300,000—about the same as the golf course loan's face value—on food stamps for 3,000 recipients there.

Agency officials both here and in Mississippi said they could find no indication that Whitten, a Democrat, had exerted any pressure or made any inquiry about progress of the application.

But Whitten told a reporter he had in fact written a letter asking about the project's status. "I did in that case as I did in many others," he said. "When the local people are for something, you naturally ask for them how it's doing."

The loan is one of about 500 made for golf courses since the program began in 1962. Inquiries disclosed, though, that it exceeds the agency's usual practices for the recreation loan program.

"We try to avoid indebtedness of more than \$1,000 per family membership," administration loan officer Robert S. Crites said. The club had 221 members at the time of its application and now has 231, which would put the indebtedness at \$1,147 per family, or 15 per cent above the guideline.

While the Government is not directly loaning the \$265,000, it may pay out more than that amount in servicing the 40-year loan.

The Bank of Mississippi at Tupelo, Miss., is making the actual loan. Wynn, Houston 83.

Runs batted in—Santo, Chicago 92; McCovey, San Francisco 86.

Hits—M. Alou, Pittsburgh 160; Kessinger, Chicago 136.

Doubles—M. Alou, Pittsburgh 32; Kessinger, Chicago 31.

Triples—B. Williams, Chicago 9; Tolian, Cincinnati 9.

Home runs—McCovey, San Francisco 33; L. May, Cincinnati 33.

money available. The golf club is paying only 5 per cent interest, however, so the government must put up additional interest to make the arrangement acceptable to the bank.

If the loan closes at the current 8 per cent rate, the government would put up an additional 3 per cent interest. If the money market remains stable, the government would pay out \$271,000 as its share of the interest over the life of the loan.

The 40-year term given the Natchez Trace group is the maximum permitted for recreation loans. The club is putting up \$71,410 for the project.

The applicants barely squeezed past requirements on population of the area to be served by the course.

Their application was initially returned because the service area centered on Tupelo, a community of 17,000. According to loan requirements, the facilities must "primarily serve farmers and other rural residents."

A rural resident is defined as "a permanent resident of a rural area or small country town of not more than 5,500 population which is not part of an urban area."

Elmer L. Grice, Farmers Home Administration county supervisor in Lee County, said in a telephone interview from Tupelo that up to one-third of the club membership could be from Tupelo despite its over-5,500 population.

Grice said his office went down the membership list "from top to bottom" to make sure the required two-thirds were from outside Tupelo.

"They finally lacked one person, but then a doctor who works in town but lives in the country signed up," Grice said.

According to Grice's announcement, two of the club's three officers and three of its seven directors are from Tupelo.

Grice said the club had been formed seven years ago because the only other country club in the area had a closed membership "and there was no chance for these young executives to have a chance to play."

Grice said the club has no Negro members although in accepting the loan it is bound to federal nondiscrimination requirements. Lee County is about 25 per cent Negro according to government statistics.

Crites, in the Washington office, was asked how the Farmers Home Administration checks on nondiscrimination.

"I'd guess we don't have any system for doing that," he said. "They (the club) know our policy. I'd guess the office of inspector general (of the Department of Agriculture) would spot check it."

Rep. Whitten said he wasn't sure who was in the club, but said the course is open for public play upon payment of greens fees. Efforts to contact the club's president, Roy Kelly, were unsuccessful.

## Too Early to Tell About Pro Football

By ROBERT MOORE

Associated Press Sports Writer

It's much too early to tell what's going to happen during the new professional football season, but more than a quarter of a million spectators undoubtedly came away from the weekend's opening exhibition games with some fairly solid conclusions.

Examples: Vince Lombardi, the new mastermind of the Washington Redskins, intends to put the nation's capital on the map as a city famous for something besides politicians and surtax squabbles.

Chicago Bears running back Gayle Sayers may have recovered from the knee injury that caused him to miss much of the 1968 campaign.

Johnny Unitas of the Baltimore Colts is ready to resume his old role as the scourge of National Football League quarterbacks.

Coach Hank Stram of the Kansas City Chiefs meant what he said when he predicted, "We'll be much better in 1969 than we were in 1968..."

Minnesota Coach Bud Grant may have found the "more explosive striking threat in our passing" needed to make the Vikings a team that could go all the way.

Weeb Ewbank, coach of the New York Jets, wasn't spoofing when he allowed that "it will be harder this year with everyone pointing for us."

The six weekend games saw Washington beat the Bears 13-7, Baltimore roll over San Diego 26-6, Kansas City outscore Oakland 23-17, Minnesota clobber the Miami Dolphins 45-10, Houston trample Buffalo 24-7 and the Jets squeeze by the College All-Stars 24-6.

The crafty and illustrious Mr. Lombardi, who pinpointed Green Bay, Wis., as the world's football capital while coach of the Packers, didn't have too much to say about his first triumph as Redskin boss except that "I'm very happy we won our first game and very, very pleased to come away with a victory."

"I felt the defensive team played very well," Pass Interceptions by Sam Huff and Tom Rousell set up the Redskin touchdowns that beat the Bears in a game punctuated by hard rain. With the score tied 7-7 in the third period, Rousell picked off Jack Concannon's pass and returned it to the Chicago 31. Sonny Jurgensen's 17-yard pass to Bobby Mitchell won the game.

Sayers dazzled the crowd of 45,988 in Washington by running the opening kickoff back 69 yards. He was used only to run back punts and kickoffs. Concannon scored the Bears' touchdown on a one-yard sneak.

Unitas, out most of last year with a tendonitis-ridden elbow, replaced starting Baltimore quarterback Earl Morrall after the latter had guided the Colts to their first touchdown. He completed seven passes for 86 yards and saw action only in the first half and had the Colts out from 19-6 at halftime.

Morrall wound up with eight completions in 14 throws for 126 yards. A sellout San Diego crowd of 52,171 saw the game.

Stram praised the Chiefs' defense but was disappointed with his second start of the year for the Spurs and was charged with the loss although the winning run scored after he had left in the sixth, when Arkansas put together a single by Gaylen Pitts and back-to-back doubles by Danny Napoleon and Bob Guindon.

The Spurs only run against Dick Seminoff, 6-7, who went the distance, was unearned.

coverage of kickoffs against Oakland's Raiders, who finished last season by losing to the Jets in the American Football League title game.

The game, played in Birmingham, Ala., before 21,000, was decided when Gene Trosch fell on Eldridge Dickey's fumble

# \$100,000 Stakes Highlight Race at Monmouth

By TED MEIER  
Associated Press Sports Writer

The \$100,000 guaranteed Sa- pling Stakes at Monmouth Park on the closing day of the meet- ing Thursday headlines the na- tional thoroughbred racing pro- gram this week.

The six furlong sprint for 2- year-olds is expected to draw a select field including Irish Cas- tle, Insubordination, Spotted Line, Very High, Swoon's Prince, Brick Passer and Well Mannered.

Four \$50,000 races are listed for Saturday, the William Du- Pont, Jr. handicap at Delaware Park, the Alabama Stakes at Saratoga, the Minute man Stakes at Liberty Bell and the Arlington Park Towers.

Rounding out the weekend card is the LaJolla Mile at Del Mar, the White Mountain Handi- cap at Rockingham and the Margate Handicap at Atlantic City. New Jersey racing switch- es to Atlantic City on Friday fol- lowing the closing of Monmouth.

Al Hattab, the odds-on favor- ite after Arts and Letters was scratched, won the \$100,000 Monmouth Invitational Handi- cap, one of three 100-granders that featured last Saturday's racing.

Al Hattab, \$3.40, drew out in the stretch under top weight of 126 pounds and beat Dot Ed's Bluesky by two lengths. He ran the 1 1/2 miles in 1:50. Arts and Letters, the Belmont Stakes winner, was scratched after a heavy morning rain.

Obeah won the \$114,105 Dela- ware Handicap and Tampa Trouble the \$113,000 Benjamin F. Lindheimer Handicap, the other two 100-granders.

Obeah, \$10.20, scored by 4 1/2 lengths over Double Ripple in the filly and mare test at Dela- ware Park. The 4-year-old filly ran the 1 1/4 miles in 2:04 1-5 un- der 113 pounds.

Tampa Trouble, a \$52.20 out- sider, took the Lindheimer by 2 1/2 lengths under 112 pounds. Figonero, the Argentine-bred fa- vorite, finished fourth. Tampa Trouble ran the 1 3-16 miles over the grass course at Arling- ton Park in 1:55 2-5.

## Rain Curtails Eastern Debut of Auto Races

By THE ASSOCIATED PRESS  
Rain forced a curtailment of things at the eastern debut of the rejuvenated United States Auto Club stock car division at Dover Downs International Speedway Sunday, while the thunderstorms com- pletely washed out the Dixie 500 at At- lanta.

Veteran A.J. Foyt of Houston led the entire race—except for three laps when he made a pit stop—in winning the Mid-Atlan- tic 300 at Dover, Del. The race, the first major one of this length for USAC stock cars in 11 years, had to be stopped after 158 laps of the 300-mile chase because of rain.

The race was stopped for about an hour in the faint hope the rain would cease. The USAC officials finally declared Foyt the winner. McCluskey took sec- ond in his 1969 Plymouth.

The average speed for the stock cars was only 101,020 miles per hour. However, Foyt was turning the track in his 1969 Ford at an average of 115,430 at the 128th lap before the rain be- came heavy.

Meanwhile, at the Atlanta In- ternational Raceway, the rain forced postponement of the 500- mile stock car race until next Sunday.

The 40 cars that qualified for the race were put under wraps in the tin sheds at the track, and cannot be touched until Satur- day when racing crews will bring them up to their running peak.

At Adenau, Germany, Bel- gium's Jacky Ickx, in his Brab- ham-Ford, captured the Ger- man Grand Prix in 1:49:55.4 for an average of 108.43 m.p.h. He was the first driver to finish the twisting Nuerburging Mountain course in under two hours.

Favored Jackie Stewart of Scotland was second in 1:50:53.1. Bruce McLaren of New Zealand, in a McLaren Ford of his own design, was third in the race witnessed by 350,000.

Only 12 of the 22 starters fin- ished.

Mark Donohue of Media, Pa., set a lap record for LeCircuit in winning the three-hour Trans- Am sedan race near Mont Tremblant, Que., and put Cam- aro in the lead in the manufac- turers championship.

Dave Heinz of Tampa, Fla., streaked ahead on the closing laps and won the ninth annual Paul Whiteman Challenge Tro- phy race at Daytona Beach.

TOP TROTTER currently in competition and possibly the best ever is Nevele Pride, seen here hoofing it to one of his many wins. In the sulky is driver-trainer Stanley Dancer.

Oswald: "In the early 19th century, British society used to relax at the town of Bath. One way to relax was by playing Whist and the play known as the Bath Coup was originated there. As such, it is probably the oldest advanced play in our modern repertoire."

Jim: "It was a far more successful play at Whist when no dummy was exposed and there weren't many conventions on discarding. Take today's hand. West opens the king of hearts against South's three no-trump contract. South executes an automatic Bath Coup by letting the king hold. But if East has played his three of hearts, it is a cinch that West will abandon the suit and look for greener pastures."

Oswald: "A spade lead will give South three spade tricks instead of two. A diamond lead will cost the defense a trick in that suit, provided South reads the diamond situation correctly. West's best play is a low club and that's just what he did lead."

Jim: "South handled the club situation by playing dummy's jack, then cashing his ace and throwing West back in with the king. Once more, West was in trouble. He got out by leading his four of diamonds. East's king forced South's ace. South went over to dummy with the last club and took the diamond finesse. West made his jack and was back in trouble again."

Oswald: "The queen of spades lead might have fooled South but West led the five-spot. East's jack lost to South's ace and South was able to finesse against the queen of spades to wind up with three spades, one heart, two diamonds, three clubs, game and rubber."

## LEGAL NOTICE

**RESOLUTION**  
WHEREAS, under the provision of Act 251 of the General Assembly of 1967, the governing body of any city when it deems advisable may cause studies to be made of the approximate cost of street improvements, and the approximate amount which would need to be assessed against each parcel of property in an area to pay the cost of the improvements involved; and

WHEREAS, the Board of Directors of the City of Hope, Arkansas, has deemed it desirable to enter into a street improvement program as herein after defined, and has caused studies to be made of the approximate cost of such improvements, and the approximate amount which would need to be assessed against each parcel of property in the area involved to pay the cost of the proposed improvement; Now, Therefore

BE IT RESOLVED, by the Board of Directors of the City of Hope, Arkansas, that it is desirable to enter into a street improvement program in such city for the purpose of blacktopping the following described streets to-wit:

HOPE NEWSPAPER HISTORY:

The 1929 consolidation joined the two principal newspaper lines dating back to within five years of Hope's incorporation in 1875.

1899—Star of Hope founded as a weekly by Claude McCorkle; converted to an evening daily by his son, Ed. McCorkle, publishing until the 1929 consolidation.

The opposition line:

1880—Hope News founded by Lowry Brothers.

1883—Sold to Withers & Johnson, name changed to Hope Telegraph.

1883—Later in same year resold to Claude McCorkle and renamed Hope Mercury.

1884—Sold to James H. Betts, who named it Hope Gazette, under which name it was published continuously until 1922, published by Betts, J.L. Tullis, and Col. W.W. Folsom the last-named dying in 1916.

1916—Purkins & Gates bought the weekly Gazette and made it a companion paper to their new daily, Arkansas Evening Herald—but both papers suspended in 1922.

1926—Plant was revived by Curtis Cannon as the weekly Hempstead County Review.

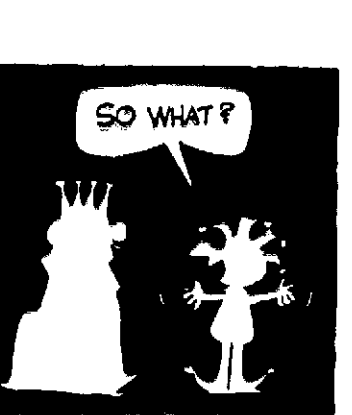

1927—Cannon sold plant to D.A. Gean, who established the morning Hope Daily Press.

1929—C.E. Palmer and A.H. Washburn consolidated The Star and the Press as Hope Star, with Palmer as president and Washburn secretary-treasurer.

1957—Following Mr. Palmer's death Mrs. Palmer became president.

1969—With Mrs. Palmer's retirement from Star Publishing Co. Washburn became 76 per cent owner and president—balance 24 per cent being held by Texarkana Newspapers, Inc.

## Subcommittee Hears SEC Head Testify

By JOHN S. LANG  
Associated Press Writer

WASHINGTON (AP) — The chairman of the Securities and Exchange Commission, who has declared "I'll answer all your questions," was called before a Senate subcommittee today to defend himself against conflict of interest allegations.

SEC Chairman Hamer H. Budge told the Senate banking and currency subcommittee last Wednesday, when it opened hearings, that he would reply fully to charges he breached ethics by considering a job with mutual funds his agency regulates.

The committee directed Budge to return for testimony today after he said there were so many allegations he wanted adequate time to answer them. Democratic Sens. William Proxmire of Wisconsin and Thomas J. McIntyre of New Hampshire have said Budge's consideration of the presidency of six Minneapolis-based funds managed by Investors Services, Inc., constituted a conflict of interest.

"A gross, clear, transparent conflict of interest," was the

## Coed Slayings Probe Goes to Other Areas

ANN ARBOR, Mich. (AP) — Authorities say their investigation into the slayings of seven young women in southeast Michigan is being extended to similar murders in California and Canada.

They also revealed Sunday they believe that more than one killer was involved.

"The pieces are starting to fit together," said Washtenaw County Sheriff Douglas J. Harvey.

The investigation gained momentum with the arrest last Thursday of John N. Collins, 22, an Eastern Michigan University student in elementary education.

Collins is being held without bond on a first-degree murder charge in the strangulation of Eastern Michigan coed Karen Sue Beineman, whose nude body was found in a ravine July 26, three days after her disappearance.

Two investigators were sent Sunday to Salinas, Calif., to probe the slayings of two women about a month ago. In addition, Michigan authorities said they would investigate the sex slaying of a teen-ager near Los Angeles.

Harvey said he believed Collins was in California at the time of the deaths. The sheriff said investigators would search a trailer in California which he said was taken there from Ann Arbor by Collins and a friend. The friend's name was not revealed.

"Police also are investigating some recent killings, probably of a similar nature, somewhere within Ontario," said Curtis Stadfield, an Eastern Michigan University information officer who is acting as the news coordinator for the investigation.

He said the Canadian deaths may "involve some of the people under suspicion here."

Harvey said he was "hoping for additional arrests."

In Toronto, Ontario, Provincial Police said they did not know of any similar slayings in Ontario, and had not been contacted by Michigan authorities.

However, Stadfield said Michigan authorities stood by their statement.

Police in Salinas noted at least two unsolved slayings were under study in their area. In one, the body of 17-year-old Roxie Phillips of Milwaukee, Ore., was found on a city dump at Carmel, Calif. The body of the other victim, an unidentified woman, was found under a bridge in Salinas.

Michigan authorities also said the death of Virginia Lynn Smith, 13, of Claremont, Calif., 35 miles east of Los Angeles, would be probed. The body of the girl, who had been strangled, beaten and raped was found June 23 in a canyon.

Miss Beineman was last reported seen leaving a wig shop June 23 and getting on a motorcycle with a youth.

Speaking of Mr. Cook's baseball —

Back in the late 1930s — some time between 1936 and 1939, I believe — I photographed Honus Wagner, then a Pittsburgh coach, at Forbes Field, Pittsburgh. I used The Star's original 4x5 Speed Graphic camera, the one we bought in 1936 for the Arkansas Centennial Edition. Old Honus came over to where I was sitting in the box of Pirate Treasurer Tom Johnson, a friend of my brother Charley — and I snapped him.

We published the picture here, and I looked for it today as a timely rerun with Mr. Cook's letter — but couldn't find it at the moment. We have thousands of prints and negatives — but, as usual with newspapers, a lousy filing system.

**WR to Talk With Folks at Forrest City**

LITTLE ROCK (AP) — Gov. Winthrop Rockefeller says he will call a meeting Wednesday of all segments in Forrest City because of an "encouraging" report he had received on a three-man team he appointed to review the city's racial problems.

Rockefeller said in a statement Saturday that he would issue invitations for the 2:30 p.m. meeting at the Capitol to those who represent all segments of the community in Forrest City.

**Average Hippo Will Feed 1,200 and Meat Considered Delicacy**

By LOUISE COOK  
Associated Press Writer

NEW YORK (AP) — Take one average size hippopotamus, chop well, season and voilà! You have enough meat for 1,200 small cans of the newest food delicacy on the market.

The 15th annual National Fancy Food and Confection show opened here Sunday, with over 700 companies and 11 foreign countries represented.

And the company that previously pushed such gourmet goodies as chocolate covered ants, French fried grasshoppers and canned rattlesnakes offered a new delicacy—hippopotamus.

A spokesman for the company described the flavor of hippopotamus—as a popular food in South Africa—as "slightly gamy," then added, "You know you're not eating steak."

The hippo meat is packaged in 4½ ounce cans and comes in a sauce. Asked how many cans came from one hippo, the spokesman went to find the president of the firm. The president went to find another man.

Foreign exhibitors offered foods popular in their countries. Japan showed "instant noodles" which are dehydrated and can be cooked in five minutes and packaged sukiyaki ready to heat and serve.

New Zealand displayed a variety of eels and a green, fuzzy fruit about the size of an apricot called a kiwi. The fruit tastes like a cross between a banana and a melon.

## Pakistan Sets Up Elections

KARACHI, Pakistan (AP) — President Agha Mohammed Yahya Khan began setting up a civilian Council of Ministers today as the first step toward elections.

Yahya appointed seven ministers to the council and said more would be named later. The first seven were sworn in this morning in Rawalpindi.

Yahya, the commander in chief of the army, has maintained martial law since President Mohammed Ayub Khan turned the government over to him on March 31 and resigned.

## Employment Up, Jobless Rate Is Up

WASHINGTON (AP) — The nation's total employment continued to show a moderate growth in the economy in July, while the jobless rate increased slightly because of a rise in the labor force, the government reported today.

Total employment rose more than half a million to 79.6 million last month, the Labor Department said.

The total number of unemployed was 3.2 million, actually a decline of 225,000 from June. But the Bureau of Labor Statistics said this was less than expected, and thus figured a rise in the jobless rate from 3.4 to 3.6 per cent of the civilian labor force.

The bureau also reported that average earnings of some 47 million rank and file workers rose in July to record highs of \$3.03 per hour and \$115.44 per week. This was one cent per hour and 68 cents per week above June.

However, the bureau had reported earlier that because of inflation, purchasing power was slightly below a year ago.

**Thinks Law, Order to Be Reestablished**

LITTLE ROCK (AP) — Former Gov. Orval E. Faubus says that he sees hopeful signs for reestablishing law and order in the United States, although he thinks racial disturbances are "10, 20, 30 times greater" now than they were in 1957, the year of the Little Rock integration crisis.

"We have seen people commit every indecency and get away with it," said Faubus Saturday night at the 10-year reunion of the only graduating class of T. J. Raney High School.

"If we country boys had committed such acts we would have been put so far back in jail that they would have to shoot us out to us with a shotgun."

Raney was a private school opened in the fall of 1958 in Little Rock after Central High School was closed because of the integration troubles.

Today's weather map shows the center of highest pressure over western New York State, with a ridgeline extending southwestward to the Texas and Louisiana Gulf coast.

High temperatures across the state Sunday ranged mostly in the mid to upper 80s. The high was 90 at Fort Smith.

The high-pressure ridge that is dominating Arkansas weather is expected to bring fairly pleasant weather to the state through midweek.

No rainfall was recorded during the 24-hour period ended at 7 a.m. today.

**Fishermen Leave China**

HONG KONG (AP) — More than 50 fishermen were reported today to have fled Communist China and reached Hong Kong, but the police declined to confirm or deny the reports.

The reports said the escapees reached Hong Kong in five junks from Yung Kang county, in Kwangtung province. The reports said Hong Kong marine police intercepted them in local waters.

## Mariner 7 Zeroes on Mars But Hope of Any Life Grows Dimmer

By RICHARD E. MEYER  
Associated Press Writer  
PASADENA, Calif. (AP) — Limping a little but with its cameras focused sharply, Mariner 7 zeroed in today for the most detailed pictures ever taken of Mars. But hope of finding life grew dimmer.

As the spacecraft streaked within 2,000 miles of the planet, scientists said its cameras were working better than those on its predecessors — so well, in fact, that they planned to show the pictures as they arrived.

The showing was scheduled for 12:39 a.m. EDT Tuesday, more than 18 hours earlier than originally planned.

Thirty-one pictures will be taken — seven more than planned. And they'll be shown to scientists at the Jet Propulsion

Laboratory five times faster. They'll be split down the middle by a black bar and will have many of their gray shades missing because computer processing won't be complete. But scientists said they wanted to show them immediately, despite these imperfections, because of their excellence.

They'll be reshown at 8:30 p.m. EDT on Tuesday after processing is complete and the blemishes are removed.

Hopes of finding life darkened as scientists analyzed information from a twin spacecraft, Mariner 6, which swept past Mars five days ago, showing a desolate, moonlike surface.

The Mariner 6 pictures were markedly better than those of Mariner 4, which televised Mars in 1965. But scientists said pictures from Mariner 7 would be best of all.

The high quality became evident Saturday night as Mariner 7 began sending its first distant views of Mars. Contrast and resolution were sharper than from Mariner 6 at the same distance — 800,000 to 1 million miles from the planet.

By Sunday night, as Mariner 7 drew within 400,000 miles, it showed craters indiscernible in pictures from Mariner 6 at the same distance.

The improvement — despite two malfunctions in the craft — was because Mariner 7's cameras were operating at 5 to 6 degrees higher temperature than those on Mariner 6, thus giving a stronger signal.

Scientists agreed that Mariner 6 turned up no evidence that even the crudest form of vegetation could exist on Mars. It showed no evidence of nitrogen and very small amounts of oxygen. Both are necessary for earth-type life.

Dirksen said he used the word "replacement" to indicate that South Vietnamese troops will be taking over for Americans who are withdrawn.

He said there was no indication at the White House session of how many men would be involved in a new pullout.

**Mild, Warm Days Slated for Arkansas**

By THE ASSOCIATED PRESS  
Mild to warm days and cool nights are expected through midweek, the U.S. Weather Bureau said today, and little shower activity is expected.

Fair and mild weather prevailed across Arkansas Sunday and Sunday night, as the state's weather remains under the influence of a large, mild high-pressure ridge.

Today's weather map shows the center of highest pressure over western New York State, with a ridgeline extending southwestward to the Texas and Louisiana Gulf coast.

## Space Men Have Week in Quarantine

By JIM STROTHMAN  
AP Aerospace Writer  
SPACE CENTER, Houston (AP) — With only one week remaining in their quarantine, the Apollo 11 astronauts today begin wrapping up a report of their adventure before stepping out into a world waiting to shower them with honors.

Space agency officials said Neil A. Armstrong, Edwin E. Aldrin Jr. and Michael Collins have shown no ill effects from their space journey and indicated there was no reason to extend their isolation beyond the scheduled release date of next Monday.

The 264 mice injected with moon dirt were still free of reaction, the officials reported. Meanwhile, scientists planned today to open the second of two boxes of stones collected by Armstrong and Aldrin on the lunar surface.

Dr. T. Robin Brett, Manned Spacecraft Center geologist, said samples in the first box opened last week "seem to be settling down to three major rock types."

Two types appear to be hardened from molten lava, with one more dense than the other, Brett said, while the third seems to be a cloud of dust — with drips of glass around it something like "the covering of taffy candy over an apple."

Scientists suggested a meteor impacting the lunar surface could have compressed dust to make the clouds and melted lunar material to form glass droplets which rained back upon the surface.

Armstrong, Aldrin and Collins scheduled an all-day meeting today with experts on spacecraft systems. Tuesday, the trio plan to go over film they made during their flight to select highlights to be shown Aug. 12 during their first news conference after getting out of quarantine.

The astronauts speak from within the isolation chamber to the experts on the outside.

The nation will begin showering them with honors that same day, with the astronauts first appearing as special guests at a dinner of National Aeronautics and Space Administration officials.

On Aug. 13 they are to have ticker tape parades in New York and Chicago, with the day climaxed at a state dinner in Los Angeles to be attended by President Nixon and governors of the 50 states.

Houston plans to honor the trio with a Texas-sized production in the Astrodome on Aug. 16 assembled by David Merrick, producer of "Hello Dolly" and other Broadway shows.

Honors also are expected in Armstrong's home town of Wapakoneta, Ohio, and in Aldrin's home town of Montclair, N.J. Collins, who has lived many places, claims no home town.

Plans have not yet been announced for any visits to other nations, but the space agency emphasized throughout the flight that Apollo 11 represented all mankind and thus a tour abroad appears likely.

Tuesday is Armstrong's birthday and the other 18 people in quarantine with him plan a small celebration.

State Police said Mrs. Floor was steering a small car being towed by another vehicle when the cable between the two cars broke. Her car let the highway and overturned.

**U.S. Support for Airport Is Doubtful**

LITTLE ROCK (AP) — Gov. Winthrop Rockefeller says he doubts that federal financial support can be obtained for an inland international airport for Little Rock.

Rockefeller said in a letter to Wayne Stone of Pine Bluff, a bank president, that he liked the idea of the airport but that Central Arkansas was low on the Federal Aviation Agency's list of federal aid priorities.

The governor also said Arkansas airports had received federal funds in the past that represented only a "token response" to their needs.

The total number of accidents for the year was raised this weekend when a bicycle ridden by Woody Samuels of Gardena, Calif., ran into a car driven by David Young, Jr. of Hope as he braked for a stop sign. Chief Willis and Officer Sinyard investigated and made no charges.

Paul Cobb and Mrs. Cobb, the former Ruth Ann Mohon, have moved with their young daughter, Kristie, to Shreveport where he will be with the computer department of Texas Eastern. . . a graduate of Hope High School and Southern State College, he is the son of Mr. and Mrs. Jim Cobb.

Whitfield Masonic Lodge No. 239 will have a regular meeting Tuesday, August 5, at 7:30 p.m.

Herbert Dorman, 19, son of Mr. and Mrs. Curtis G. Dorman of Prescott Rt. 1, was promoted June 24, to Army sergeant while serving with the third division near Gelhausen, Germany, as a gunner.

The Hempstead County Rescue Unit will hold an important business meeting Tuesday at 7:30 p.m. in the W.O. W. Hall,

**Deficiencies Corrected, U.S. Claims**

By THE ASSOCIATED PRESS  
WASHINGTON (AP) — Deficiencies identified by a survey of meat plants have been corrected, says the Department of Agriculture. Several plants had turned out products of suspect wholesomeness and cleanliness.

The department's consumer and marketing service declines to make public a detailed summary of the investigation report or to identify individual plants.

The survey covered nearly half of the 128 red-meat plants in a dozen states operating under a law that permits state inspectors under federal license to probe health standards and operations of state-supervised facilities.

The survey last January covered California, Georgia, Illinois, Iowa, Tennessee, Utah, Michigan, Missouri, New Mexico, North Carolina, Virginia and Washington state.

## Fight Flares on Mountain U.S. Seized

By GEORGE ESPER  
Associated Press Writer  
SAIGON (AP) — Fighting flared up on Hamburger Hill Sunday night for the first time since American paratroopers captured the 3,000-foot mountain last May 20, U.S. military spokesmen reported today.

The spokesmen said North Vietnamese troops attacked a column of American tanks in a base camp on the hill overlooking the A Shau Valley. The enemy attacked with mortars, machine guns and rifles, but the thrust was broken by big 90mm tanks guns firing point-blank and a twin-engine AC47 pouring out 18,000 rounds of fire per minute.

At least nine North Vietnamese soldiers were killed, and there were no American casualties, headquarters said.

Within a few hours, 20 B52 bombers retaliated with a massive raid around the mountain to thwart any new enemy buildup.

U.S. spokesmen said they did not see any immediate major threat to American and South Vietnamese units operating in the A Shau Valley. American tanks and armored personnel carriers from the U.S. 5th Mechanized Infantry Division have been operating on Hamburger Hill and inside the A Shau Valley in Operation Montgomery Rendezvous. Their aim is to deny the North Vietnamese supply routes from Laos through the valley and staging areas there.

Tank trails and fields of fire have been cleared on top of Hamburger hill, known formally as Dong Ap Bia. But U.S. officers said they do not plan to keep the armored column on the hill. They said the task force was deployed there to clear the top of the mountain for any future major fighting.

American paratroopers from the 101st Airborne Division captured the hill last May 20 at a cost of 55 Americans killed and 300 wounded in 11 separate assaults in 10 days. More than 600 North Vietnamese soldiers were reported killed.

A remark by the American commander in the operation that "backing off is one thing that commanders hate to do" touched off a storm of criticism in the U.S. Congress, led by Sen. Edward Kennedy, D-Mass.

Kennedy said the repeated charges up the hill were "senseless and irresponsible" and that American lives were being sacrificed for "military pride."

U.S. officers in Saigon said the purpose of American military operations in Vietnam was to kill the enemy and the kill ratio in the battle for Hamburger Hill — 10.9 North Vietnamese to 1 American — was as good or better than the ratio in most operations.

Meanwhile, U.S., South Vietnamese and South Korean forces reported a total of 206 enemy troops killed Sunday in 13 clashes scattered about the country. The U.S. Command reported a helicopter and a Phantom jet fighter-bomber shot down, with two airmen killed in the Phantom crash and two wounded in the helicopter.
